

Can we build something to help
people better understand the AI
Act?

Front-end

- Present the Act in a way that best allows for historical comparisons
- Make use of dynamic elements to visualise side by side
- Possibly to have each statutory unit (mostly, paragraphs) be a dynamic object

Content Pane (fixed)

Search bar (LUXURY FEATURE – allows searching for words within legis)

Time slider (discrete, just needs to stop at preset dates)

Contents (standard tree-text thing from AGC, as future extension can allow collapsibility)

Table of Contents

Computer Misuse Act 1993

Long Title

Part 1 PRELIMINARY

- ☐ 1 Short title
- ☐ 2 Interpretation

Part 2 OFFENCES

- ☐ 3 Unauthorised access to computer material
- ☐ 4 Access with intent to commit or facilitate commission of offence
- ☐ 5 Unauthorised modification of computer material

Text Pane (up down independent scroll)

Article 5

1. The following artificial intelligence practices shall be prohibited

a. the placing on the market, putting into service or use of an AI system that deploys subliminal techniques beyond a person's consciousness with the objective to or the effect of materially distorting a person's behaviour in a manner that causes or is reasonably likely to cause that person or another person physical or psychological harm;

b. the placing on the market, putting into service or use of an AI system that exploits any of the vulnerabilities of a specific group of persons due to their age, disability or a specific social or economic situation, with the objective to or the effect of materially distorting the behaviour of a person pertaining to that group in a manner that causes or is reasonably likely to cause that person or another person physical or psychological harm;

Article 5

1. The following artificial intelligence practices shall be prohibited

a. the placing on the market, putting into service or use of an AI system that deploys subliminal techniques beyond a person's knowledge with the objective to or the effect of materially distorting a person's behaviour in a manner that causes or is reasonably likely to cause that person or another person physical or psychological harm;

b. the placing on the market, putting into service or use of an AI system that exploits any of the vulnerabilities of a specific group of persons due to their age, disability or a specific social or economic situation, with the objective to or the effect of materially distorting the behaviour of a person pertaining to that group in a manner that causes or is reasonably likely to cause that person or another person physical or psychological harm;

Article 5

1. The following artificial intelligence practices shall be prohibited

a. the placing on the market, putting into service or use of an AI system that deploys subliminal techniques beyond a person's **consciousness** knowledge with the objective to or the effect of materially distorting a person's behaviour in a manner that causes or is reasonably likely to cause that person or another person physical or psychological harm;

b. the placing on the market, putting into service or use of an AI system that exploits any of the vulnerabilities of a specific group of persons due to their age, disability or a specific social or economic situation, with the objective to or the effect of materially distorting the behaviour of a person pertaining to that group in a manner that causes or is reasonably likely to cause that person or another person physical or psychological harm;

Actions tied to each unit (display onclick)

- Diff comparison always to immediate precedent version (for now)
- Cool luxury feature would be to be able to highlight and manipulate >1 units
